I'm only looking for agents who target \$250,000 income and above in 2012

There is an untapped, underserved, and undersold market of more than 75,000,000 Americans.

The average commission is \$500 - \$1000 per sale on an *individual app* –
... and, up to \$2000 per individual.

This insurance program can be “mass marketed”
You can take applications by the dozen, not just one at a time.*
It can be “**pre taxed**” saving everyone money.

It pays more. It costs less. It's guaranteed renewable.
You are paid direct and vested day one with the insurance company.
“Guaranteed” and “Simplified” Issue Products. Online, paper or fax applications.

Agents will learn all about product, marketing, and sales environment.
We'll offer proprietary teaching on how to “Open” opportunities for mass selling
and how to “Cross Sell” them effectively.

We'll teach you the "**Defined Contribution / Pre Tax**" concept, and when you leave
you will have 100 leads in your possession.

...Oh, and you'll know what to do with them too.
